

Romina Furniture

Timeless Furniture for Growing Families

Romina Furniture creates beautifully crafted nursery furniture designed to combine timeless elegance, durability, and everyday functionality. From convertible cribs and stylish dressers to complete nursery collections, every piece is thoughtfully designed for growing families. Quality construction and classic styling help create comfortable spaces where children can grow and families can make lasting memories.

OUR HERITAGE

From Artisans to Heirlooms

1991

Founded in Romania by master artisans carrying generations of woodworking expertise

2006

Romina brand launches, establishing direct manufacturing control and a new standard for nursery furniture

Today

A commitment to creating healthy, safe spaces for every baby's first home

CRAFTSMANSHIP

The DNA of Quality

100% Solid Hardwood

Constructed exclusively from Beech and White Oak — no particleboard, no shortcuts

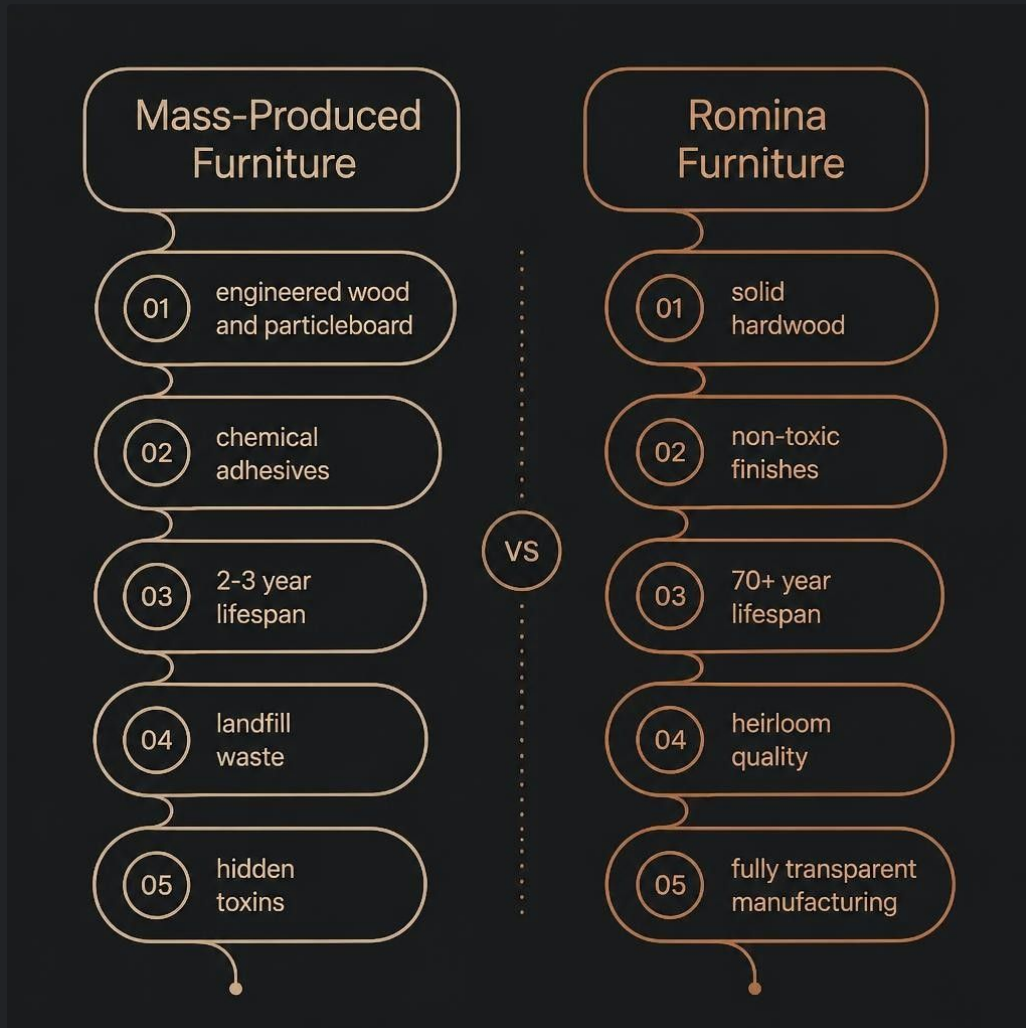

Non-Toxic Finishes

Organic, water-based finishes safe for your child's environment from day one

GREENGUARD Gold Certified

Zero formaldehyde and zero VOC emissions — independently verified for indoor air quality

Why Mass-Produced Furniture Fails

The Fast-Furniture Cycle

Most nursery furniture is built to be replaced — engineered wood, particleboard, and chemical adhesives degrade within 2–3 years, contributing to landfill waste and exposing families to hidden toxins.

- ❏ Romina designs for a **70+ year hardware lifespan** — furniture that outlasts trends and becomes a family heirloom.

DESIGN PHILOSOPHY

The Architecture of Growth

🍼 Newborn

Convertible crib with adjustable mattress heights for safe infant sleep

👶 Toddler

Seamless transition to toddler bed — same frame, new chapter

👦 Child

Full-size bed conversion creates permanent bedroom furniture

🎓 College & Beyond

Adult-sized dressers and case goods serve from birth through adulthood

SAFETY FIRST

Safety Without Compromise

Every Detail, Engineered for Protection

Romina furniture meets and exceeds ASTM and CPSC safety standards through rigorous independent testing.

→ German-Made Soft-Close Systems

Hydraulic hinges protect little fingers on every drawer and door

→ One Roof, Full Transparency

Precision manufacturing under one roof means every ingredient and material is known and traceable

OUR PROMISE

The Environmental Promise

Sustainable Harvesting

Every beech tree harvested is replaced with **five new saplings**, ensuring forests thrive for future generations

Minimal Carbon Footprint

By avoiding third-party outsourcing, Romina controls every step of production — reducing emissions and waste

Built to Be Passed Down

Furniture designed to outlive trends is the ultimate act of sustainability — fewer replacements, less waste

YOUR STORY

Your Family, Your Legacy

Every piece of Romina furniture is more than a product — it's the first chapter of your child's life story. From the nursery to the dorm room, it's a single, lifetime investment built with heart and designed to stay.

First Home

A safe, beautiful nursery from day one

Growing Up

Furniture that transforms with your child

Forever

An heirloom passed down through generations
