STEP - 1

The screenshot shows the 'migSO Export Wizard' interface. It has a header with the 'migSO' logo and navigation links: Home, About, Contact Us, and Export Wizard (which is highlighted). Below the header, there's a 'Export Wizard' section with a progress indicator showing two steps: 1. Select a Migration Mode and 2. Select a Format. Step 1 is currently active. Under Step 1, there are two radio button options: 'Export to Migration Mode' (which is selected) and 'Export to Migration Mode'. Below these options is a 'Next' button. The footer of the interface shows the 'migSO' logo and a URL: 'https://www.migso.com/'. There are also three small circular icons in the bottom right corner of the footer.

FINAL STEP

The screenshot shows the 'migSO Export Wizard' interface. At the top, there's a navigation bar with 'Home', 'Export Wizard', and 'Export Wizard' (highlighted). Below the navigation bar, the title 'migSO Export Wizard' is centered. The interface is divided into two main sections: 'Select Metadata Files' and 'Select Objects'. Under 'Select Metadata Files', there's a dropdown menu with 'Export Objects' selected. Under 'Select Objects', there's a dropdown menu with 'Export Objects' selected. A red box highlights the 'Export Objects' dropdown in the 'Select Objects' section. At the bottom right, there's a 'Next' button. The migSO logo and version number '1.0.0' are visible in the bottom left corner of the interface.

Congratulations 🎉
on successful Object Exports!
